S. C. MEMBER SUGGESTS TAX FOR HIGHWAYS

Continued From Page One

freder associations and the decision to transfer the tax and game license back to the lands and mines department. Also, he said, he moved with pleasure the position of the land insurance board as revealed by the present measure.

"I deeply regret that I have some criticisms as to certain sections of the government," he said. He recalled that he had been a civil servant and was to some extent familiar with what the service did and what it stood for. "The civil service is a link between the incoming and outgoing administrations," he said.

He was born in the province for the agriculture department prior to his resignation in 1940 to contest the Stettin constituency on behalf of Social Credit.

He stated that the voluntary labor contributions, in effect since the depression came into being in 1901, were being abolished. "I have no objection to that decision," he said, "but I am disappointed at an additional expenditure of \$250,000 which this means," he said.

CIVIL SERVICE SALARIES

The budget provided that all civil service salaries be \$1,000 a year or more, or married persons receiving \$2,000 a year or more, will no longer be asked to make their own contributions.

Continuing, Mr. Reynolds declared that 1-10 cents of every dollar of civil service salaries be \$600, \$500 and \$400 a year. No provision has been made, however, for the salaries of the civil service. He said that the cost of living had gone up 10 per cent in the city where he is raising a family, on \$400 a year. "I have something to be done," he said.

Declaring that "I am a plebeian for me to criticize the government that it is my duty as a representative of the people to bring this matter before the house," he said that there was on the floor a bill to increase the salaries of the civil service by 12 per cent a year and 90 per cent in the civil service some people are expected to work 60 hours a week, he said. He felt there was little use making new legislation if it was not being observed by the government.

He warmly commended the government public works department and the policy of paying for highways as they were built. He paid a tribute to the minister in charge of highways for the high standard of the main highway between this city and Calgary and further south.

SECONDARY HIGHWAYS

He expressed his disappointment over the appropriation for secondary highways and roads.

Sufficient time and trouble had been taken by him, he said, to examine public accounts and found that of the \$2,500,000 collected by way of automobile license and gasoline tax, only \$2,287,000 had been appropriated for the work of the public works department. Net out to the provincial government for highway work was \$213,000, a decrease of \$311,000 from the previous year. He said that after provision of the total public works works, there still remained \$3,120,000 in revenue from license and gasoline tax to be divided to other government branches.

He thought that if one cent of a tax on the entire province for agricultural purposes be earmarked for secondary highway construction and maintenance, there would be several hundred thousand dollars more available for this purpose.

S. C. ONLY REMEDY

He said that if \$500,000 were raised by this means it would go a long way on a \$500 basis with the municipal districts.

Dealing with Social Credit he said it was the only thing that would solve the existing monetary dilemma. "My constituents are asking what the Social Credit Board is doing," he said. He declared the Social Credit board vote in the elections—\$24,700—was small and an "excessive." He thought it could be better spent outside the province than in it. "If we are going to spend this money and we should like it should be spent in a different manner outside the province. It should be spent in selling produce from outside the province about Social Credit," he contended.

Charles I. Sayers, S. C. candidate, the "baby" member of the house, who was elected in the by-election of February 6, and who took his seat on March 3, dealt with farming conditions, the wartime and the difficulties facing the farmer this year. He attracted attention to the large wheat surplus and mounded the possibility that the initial delivery season might be three bushels an acre.

Dealing with agriculture, he said that farmers should switch to cash raising, Mr. Sayers declared it took time for a dirt farmer to establish himself with grain and produce for livestock.

He said while speaking when the house adjourned at 4 p.m.

After speaking, Mr. Sayers, who spoke after Mr. Reynolds and before Mr. Sayers, attacked the government for "the use of taxpayers' money" in financing the "most profligate type of public works program" broadcast.

He referred to the statement by Hon. John E. Law, provincial treasurer, that the government's accounts were being laid for the Social Credit Board appropriation.

"What's paying for yours?" asked several Social Credit members. Mr. Sayers replied that he was not not paying for them.

increases, Mr. Spakman declared that this was not good enough at this time. "Just carrying on at the high level of taxation established in the last five years will not do when every dollar is needed for Canada's war effort," he said.

He took exception to the vote for treasury branches and declared they were "stimulating" Alberta. He contended that only one and three-quarters per cent of the Alberta retail business last year had been transacted with treasury currency.

HEAVY ATTACK MADE BY R.A.F. ON NAVAL BASE

Large Fires, Explosions Result From Raid On Kiel, Germany

LONDON, March 12.—(C.P.)—A large fire and heavy explosions resulted from a Royal Air Force attack last night on Germany's big Kiel naval base, the Air Ministry announced today.

A communiqué told also of attacks last night on the Bremerhaven docks, near Kiel, in north-west Germany, and a daylight raid from Leamington on the German coast at Rotterdam, The Netherlands.

"Nazi sources in Berlin acknowledged the fact that the Royal Air Force had bombed Kiel and Rotterdam in the North German zone. The Nazis claimed the planes were 'verloren' from military operations by misadventure," it said.

Two airbases in north-west Germany were also bombed, the communiqué said, while yesterday in daylight a single aircraft of the Royal Air Force was shot down by a German fighter plane in the North German zone. The Nazis claimed the plane was 'verloren' from military operations by misadventure," it said.

Interpreting War News

WHATSOEVER the real strategy in the Balkans, or the actual meaning of forthcoming German-Italian-Japanese conversations, Hitler has announced his promised main attack on Britain in the Atlantic. His other moves on any front, diplomatic or military, must necessarily conform to that fact.

A grim announcement at the end of the week ending March 11 headlines the war news. Developments elsewhere still are of secondary importance. It is in the Atlantic that Germany must make good her boast of dashing the Allied states and for Britain program.

A British loss of more than 140,000 tons of cargo shipping in seven days is serious but not critical. What does matter is Nazi ability to maintain such a rate of sea destruction over a period of weeks or months. That would greatly curtail the flow of American aid.

PROVINCIAL BRIEFS

REPORT SHOWS REDUCTION IN LIABILITIES

Called for the purpose of giving consideration to the auditors' financial statement, a meeting of ratepayers of Woodroffe, No. 386, was held in the Onway Community hall Saturday. W. C. Turnbull was chairman and other officials present included J. V. Lea, official administrator, and Fred Vaughan, secretary-treasurer.

Mr. Lea's report disclosed that the net liability as of December 31, 1940, showed a reduction of \$14,111.11, as compared with the previous year. Borrowing was made necessary, it was announced, to meet all school requisites. Considerable discussion took place in regard to the annual increase in the amount of unpaid taxes and a committee was appointed to work on the improvement of the condition.

It was explained to the ratepayers that 60 cents of every collectible dollar in 1940 was required to meet the cost of social services, necessitating the curtailment of expenditures on public works.

At the conclusion of the meeting a vote of confidence was tendered Mr. Lea for his services and attendance.

Preparations Outlined For Canvass Work

Another step in the organization of the sale of war savings certificates was under way in Rimby Friday when 75 men and women, members of committees of the rural districts met and received instructions for canvass procedure. The meeting was presided by Thos. Wilkes, mayor of Lacombe. H. N. Taylor is chairman of the central committee.

Needle Injury

While washing clothes recently, Mrs. E. P. Kight suffered a painful injury when a needle lodged her arm. Breaking, the needle had to be removed by Dr. J. P. DeCoursey of St. Paul.

Concert and pie social were held in the Bellevue school, Thermen, recently, when the net proceeds, \$10, was donated to the local Red Cross.

Music Results Now Published

Results of the mid-February examinations of pupils at Rimby of the Toronto Conservatory of Music were received Saturday and reveal a commendable number of better marks. Results are as follows:

Theory I: Elsie Genett, 90; George Rimby, 88; theory II: Carl Hewitt, 88; David Roper, 85; Shirley MacDonald, 97; history I: Myrtle Kenner, 80; history II: Knud Roper, 81.

Joint Meeting Of Two Locals Held Monday

Mr. and Mrs. J. F. Hirskenon, members of the local U.F.A. and O.F.W.A. at a joint meeting Monday evening. The groups met separately, and then gathered together to hear Merle Wilkinson give his report as delegate to the convention in Calgary. \$2 was donated to help English-speaking executives from Norway and Sweden leave Stockholm for their own homes.

Directors A're Returned With Acclaim Vote

Full slate of directors was returned by acclamation at the annual meeting of shareholders of the rural community hall recently. The board is made up of: Mrs. L. A. Gunnell, Mrs. Ingrid, Mrs. W. S. Simeon, and Bruce Brown. The community hall, built seven years ago at the railroad tracks near the C.P.R. siding of Foss, nine miles northwest of Rimby, has proved to be a well justified addition to the rural community of Foss.

Fifty Farmers Attend First U.F.A. Meeting

Ken McLaren and E. Walton, district farmers, met in the Legion hall last week with about 50 other farmers from this district to organize a U.F.A. local. W. J. Sprunt was speaker from the U.F.A. central office, Calgary. A total of 40 members were signed up. Following are the new officers: J. B. McLaren, president; E. Walton, secretary; George Heas, James Lang, Grant Field, H. Mauer, Robert Teeling.

Measles Hits At Two Hills Area: School Is Closed

Sudden epidemic of measles hit this village recently according to the health officer, Dr. Yakimchuk. Making a regular trip through the district, the officer was forced to quarantine a large number of homes.

Public school has been ordered closed and there is a possibility that the same fate will meet by the high school. A large number of high school students have been quarantined and have been warned that in the eventuality of an outbreak of measles, where they are attending, they must absent themselves immediately.

Rose Rink Is Big Winner At Hardisty 'Spit

Twenty clubs competing in the 14th annual bonspiel of the Hardisty Curling Club were topped Saturday by Bill Rose of Sedgewick, winning the Grand Challenge and coming second in the citizens' event.

Followed are the winners in each event: Grand Challenge—W. Rose, Sedgewick; W. Cuswell, Lough, T. Berrett, Hardisty; Burt, Sedgewick; Citizens' J. Seelen, Hardisty; W. Rose, Sedgewick; J. School Board Now Finished With Election

Exclusive to Edmonton Bulletin. ATHABASCA, Alta., March 12.—Athabasca school board was filled Monday evening when Mrs. F. R. Palmer and D. J. Gallaway were elected over R. Gosselin. Problem of filling four vacancies has been a great cause for anxiety since the first nominations were called for in February and not a single paper was filled.

A second nomination was then called and only two papers were filled, for Mr. H. Shaw and G. J. Fowler. These two were declared elected and a third nomination was advertised, that being Monday.

In the case of the town council a second poll had also to be made before the two vacancies were filled by acclamation for B. A. Rogers and F. Black.

HOME DEFENCE

Faced with the greatest threat to human liberty, Canada stands strong and united in the cause of home defence. Our strength does not come only from the mobilizing of our man power, and the speeding up of our war industries—it comes also from the dauntless courage of a free people who are prepared to make every necessary sacrifice to safeguard their homes and their country. Canadians have always rallied in defence of their homes. That is why nearly four million citizens are now united through life insurance, which stands guard over their homes and loved ones—in peace or war. And millions of life insurance dollars, the savings of thrifty policyholders, are today invested in National War Loans—aiding the Dominion in its fight for freedom and justice. It is good citizenship to own Life Insurance

LIBRARY WILL COST \$59,731 PRESENT YEAR

Small Increase Over 1940 Budget Shows—New Books

Edmonton's public library board Tuesday evening budgeted for an expenditure of \$59,731 in 1941, compared with \$58,895 last year, an increase of approximately \$1,200. Revenue for 1941 was estimated at \$150,000 to bring the net increase to the one-half mill of \$30,000.

Chief increase in the 1941 budget is \$2,000 additional to be spent on new books. The 1940 budget provided for \$20,000 for books. Major John W. Ford asked if books could be purchased for less than \$20,000. He suggested that the board consider purchasing books from the University of Toronto at a discount of 25 per cent. The board agreed to consider this suggestion.

LARGEST ITEM

Salaries and wages of the library staff is the largest item in the budget, amounting to \$18,000. This is an increase of \$1,000 over 1940. The board also approved a salary increase for the librarian from \$12,000 to \$13,000. The board also approved a salary increase for the assistant librarian from \$8,000 to \$8,500. The board also approved a salary increase for the library clerk from \$4,000 to \$4,500.

CIRCULATION FIGURES

The board also received a report on the circulation figures for the year 1940. The total circulation for 1940 was 1,200,000. This is an increase of 100,000 over 1939. The board also received a report on the circulation figures for the year 1941. The total circulation for 1941 is estimated at 1,300,000.

TANK BRIGADE FOR OVERSEAS IS DESCRIBED

Defence Minister Outlines Difference Between Tank, Armored Divisions

OTTAWA, March 12.—(CP)—The defence minister outlined for the house of commons today the formation of the army tank brigade and the Canadian armored division which, under the 1941 program, will proceed overseas this year.

The army tank brigade, "which should prove most valuable to the Canadian corps" will be equipped primarily with infantry tanks. The armored division will work on its own and will be equipped with cruiser tanks.

"That unit (the armored division) is regarded as most essential by our friends over there and they expressed, I think, an extremely gratified that we were able to make the arrangements which was made," said Col. Ralston.

GERMANS NOT SURPRISED AT BILL PASSAGE

Nazi Press Seeks United States Seeks World Dictatorship

NEW YORK, March 12.—(AP)—Reliable informants said last night that Gen. Francisco Franco had abruptly turned down a German demand for facilities to fly military planes across Spain to Africa.

The informants said that a well-placed source in the German government had said that Franco's refusal was a result of General Espinosa de los Monteros, Spanish ambassador to Berlin, but his job.

This is the story.

Rebuttal of this was said, according to the Spanish ambassador to Berlin, that Franco had refused the German proposal for "Spanish cooperation."

Most important of these was a demand for Spanish territorial facilities to fly military planes to Africa.

About the same time, last night, informants continued, Gen. Franco's refusal was a result of General Espinosa de los Monteros, Spanish ambassador to Berlin, but his job.

About the same time, last night, informants continued, Gen. Franco's refusal was a result of General Espinosa de los Monteros, Spanish ambassador to Berlin, but his job.

This is the story.

Rebuttal of this was said, according to the Spanish ambassador to Berlin, that Franco had refused the German proposal for "Spanish cooperation."

Most important of these was a demand for Spanish territorial facilities to fly military planes to Africa.
